## DIRECTORY OF PERSONAL INFORMATION BANKS

---

Compiled by: Corporate Services

March 2017

### 1 Introduction

---

The *Freedom of Information and Protection of Privacy Act* (FOIP) came into force for local government bodies on October 1, 1999. The Act governs the collection, use and disclosure of personal information by public bodies as well as providing access to information in the custody of and under the control of public bodies.

Within the City of Camrose, all departments, committees, boards and commissions fall under FOIP.

#### 1a) Purpose of the Act

The purpose of FOIP is to make public bodies accountable to the public by providing access to records and by protecting the personal privacy of individuals. The Act is built upon the following principles:

- to allow any person a right of access to records in the custody or under the control of a public body (e.g., City of Camrose) subject to limited and specific exceptions as set out in the Act; to control the manner in which the City of Camrose may collect personal information from individuals, to control the use that the City of Camrose may make of that information and to control the disclosure by the City of Camrose of that information;
- to allow individuals, subject to limited and specific exceptions as set out in this Act, a right of access to personal information about themselves that is held by the City of Camrose;
- to allow individuals the right to request corrections to personal information about themselves held by the City of Camrose; and
- to provide an independent review of decisions made by the City of Camrose under this Act and resolution of complaints under this act.

### 1 Introduction

---

#### 1b) Impact of the Act

FOIP:

- applies to all records in the custody or under the control of the City of Camrose, regardless of media or location with limited and specific exceptions such as quasi-judicial decisions, questions used in an interview, archival material, a personal or constituency record of an elected official etc;
- governs the way the City of Camrose collects, uses, discloses and disposes of its records; and
- requires the City of Camrose to make available to the public, manuals used in operation and decision making.

The Act is based on the assumption that the records of the City of Camrose are public and, with some exceptions, are to be as open and accessible as possible. The Act also views the City of Camrose's records as being in the City's control and custody during their existence.

This will make the City of Camrose accountable for its records and information management practices concerning access to information and privacy protection to an external authority, the Information and Privacy Commissioner.

The Directory of Personal Information Banks is intended for use by the FOIP Head, FOIP Coordinator, City of Camrose staff within all departments and members of the public as a method of determining the location of City of Camrose records within various departments. The City of Camrose recommends that any inquiries about a record be directed to the department that has custody or control of the records. Formal written requests for information under FOIP are to be directed to the FOIP Coordinator, City of Camrose at 5204-50 Avenue, Camrose, AB, T4V 0S8 or by telephone at 780-678-3027.

**Note:** Personal Information collected by the City of Camrose may be disclosed in accordance with this Act.

### 3 Directory of Terms

---

- 3a) Exception to Disclosure** Exceptions to Disclosure are a provision of the Act, which either require or permit refusal of the right of access to records or personal information in the custody or under the control of the City of Camrose. The Act specifies limited and specific exceptions where disclosure would result in harm to government or a third party. These exceptions are set out in Section 16 to 29 Act.
- 3b) FOIP Head/Coordinator** An employee of the City of Camrose delegated the responsibility of processing FOIP requests.
- 3c) Personal Information Bank** A collection of personal information that is organized or retrievable by the name of the individual or by an identifying number, symbol or other particular assigned to an individual.
- 3d) Personal Information** Personal information means recorded information about an identifiable individual, including:
- the individual's name, home or business address or home or business telephone
  - the individual's race, national or ethnic origin, colour or religious or political beliefs or associations,
  - the individual's age, sex, marital status or family status,
  - an identifying number, symbol, or other particular assigned to the individual,
  - the individual's fingerprints, other biometric information, blood type, genetic information about a physical or mental disability,
  - information about the individual's educational, financial, employment or criminal history, including criminal records where a pardon has been given,
  - anyone else's opinions about the individual, and
  - the individual's personal views or opinions, except if they are about someone else.
