Instructions:

In accordance with Council Motion #413/20 which was approved by City Council on September 8th, 2020, a fuel “flowage fee” has established the fuel flowage fee for non-municipally sourced fuel to be 20% of the current price of municipally-sourced 100LL fuel, and that this fuel flowage fee is for all non-municipally sourced fuel brought onto the Camrose Municipal Airport.

Users should use the attached form when tracking and reporting their usage of externally sourced fuel. Reports are to be submitted to the City on an annual basis, at a minimum, or more frequently if higher volumes of externally-sourced fuel are used.

Completed forms are to be sent to:

City of Camrose
Engineering Services Department
5204 – 50 Avenue
Camrose, AB T4V 0S8
Attention: Airport Manager

I hereby certify that the information on this form is a true and accurate account of the externally-sourced fuel that I have used.
